Student may request a sexual assault forensic evidence collection exam free of charge within 120 hours of assault. Forensic evidence can be collected even when student is undecided about involving police or pressing charges. Evidence held for at least 1 year. To request an exam, contact Southern Crescent Sexual Assault Center.

## UGA-Griffin Investigative Resources

These resources serve the student by investigating reports of sexual violence, relationship violence, stalking and harassment that involve or impact the UGA-Griffin community. If a survivor chooses to report, they can report to one or both resources. The investigations are separate but can run concurrently. Police investigate criminally. EOO/Title IX is an administrative process.

If a student reports to police or EOO, survivor name is kept private from media and academic record. However, Police may release details of an assault with the identifying information about the survivor redacted. EOO provides amnesty to survivor regarding alcohol or drug use in the case of reported sexual or relationship violence.

## Non-Confidential Resources on Griffin Campus

All UGA campus members are potential resources to students.
The resources listed below include people who are part of the UGA campus community who are required to report to UGA Title NIX Coordinator any information a survivor shares about an assault of which they become aware. This list is not exhaustive.

Absolute confidentiality

Almost always confidential

\*Confidentiality exception in cases of serial offenders or immediate threat to an individual or the campus community.
